The background of the entire slide is a high-quality photograph of a modern city skyline at night. The scene is dominated by numerous skyscrapers, many of which are illuminated with bright, colorful neon lights in shades of blue, green, and yellow. The lights from the buildings and the surrounding environment are reflected on a calm body of water in the foreground, creating a symmetrical effect. The sky is dark, with a few stars visible. The overall atmosphere is one of technological advancement and urban vibrancy.
